

# DISASTER RECOVERY REPAIR GRANTS

The purpose of the program is to provide grant funds to very-low income applicants who were impacted by a presidentially declared disaster for the repair of their home.

Grant funds may be used to pay costs of repairs for damages resulting from the presidentially declared disaster.

We understand that disaster recovery is even harder for families living in rural communities where resources are limited and difficult to access.

CU's Housing Team is happy to provide application assistance to help residents apply for funding and understand the repair process.

## Eligibility Requirements:

- Must own the home to be repaired, maintain a life estate or long-term leasehold
- Must be a US Citizen or permanent resident
- Must be able to personally occupy the home
- Must have total household income that does not exceed the Rural Development very-low income limits

## Uses:

- Remove health and safety hazards
- Repair structural damage
- Address plumbing or electrical issues
- Improve accessibility

## Ready to recover?
