

# COMMUNITIESUnlimited

Communities Unlimited, Inc. is a 501(c)3 nonprofit corporation founded in 1976 that connects people to solutions through human connections. Through ingenuity combined with cutting-edge technology and expertise building healthy businesses, healthy communities, healthy food systems, healthy bank accounts and healthy lives.

## Lending

Providing innovative lending solutions—including for small businesses, communities, and homeowners—to fill financing gaps in under-resourced rural areas.

## Housing

Addressing the rural housing shortage by helping homeowners access funding for essential repairs and improving safe, stable homes.

## Community Infrastructure

Delivering technical, managerial, and financial assistance to rural water and wastewater systems and helping homeowners maintain safe, reliable wells and septic systems.

## Community Sustainability

Partnering with communities to develop vibrant, long-term economies through holistic and place-based strategies.

## Broadband

Strengthening rural connectivity by delivering planning, technical assistance, and advocacy to bring high-speed internet to underserved communities.

## Entrepreneurship

Providing one-on-one support and capacity-building to rural small business owners to build wealth and grow sustainable businesses.

## GIS

Empowering communities with mapping and data tools to visualize challenges, plan projects, and drive smarter local decisions.

## Healthy Foods

Expanding access to nutritious, affordable food while supporting local growers and strengthening rural food systems.
